Sports for all the family

The Marques family love sports. They like fruit. They drink lots of juice, and water, too. These things are good for the body. They never eat burgers or French fries.

So what sports can they play? On Saturdays, the Marques family go to a sports center. Raul usually plays soccer. He's on the school team. His sister Claudia always plays basketball with her friends. Their mom and dad play tennis, and their mom is usually the winner. On Sundays, they all go swimming. Raul can swim very fast. Claudia can swim 500 meters. Their dad can swim 10 kilometers! Their mom doesn't swim fast – she doesn't put her head in the water!

But this weekend, there isn't any soccer, basketball, tennis, or swimming. This weekend the Marques family is running in a race – 10 kilometers!

How are they running in the race? Mom isn't running fast, she's tired. Claudia is running, and talking with her friends. Dad is running fast, but he's hungry. But Raul – he is really fast. Run, Raul, run – you're the winner!
