READING: read the text and answer the questions (Lee el text y contesta)

WE LOVE BOOKS

Reading is a good way to learn about the world. Very young children like books with simple stories and lots of pictures. Fairy tales, like Snow White or Cinderella, are very popular. When children begin to read, they usually like simple books with easy words like *The Cat in the Hat* or *Matilda*. Older children like books about other children, for example the Harry Potter series or *James and the Giant Peach*. Some children really like information books such as books about dinosaurs or space. There are many kinds of books: comic books, joke books, novels and information books. Reading is fun!

- What books do very young children like? _____
- Suggest a book for a six-year-old child. _____
- What books don't you like? _____
- What books do you love? _____
